

PROBLEM ACCOUNT LIST GUIDELINE

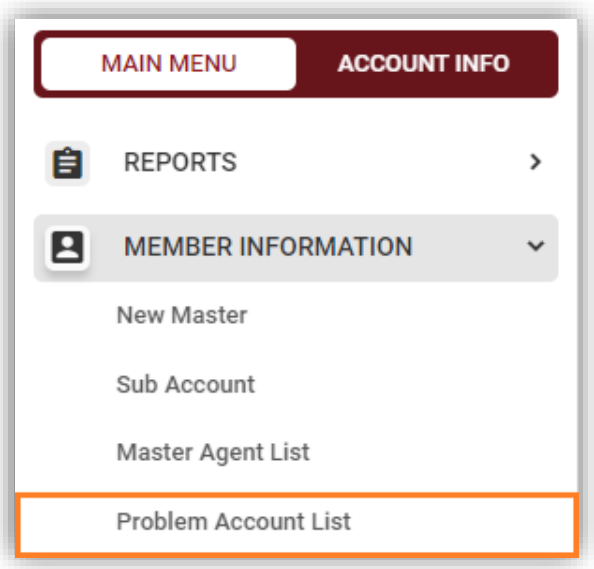

1. Introduction

Problem Account List displays the list of downlines that are marked as “problem accounts” due to their abnormal actions or behaviors.

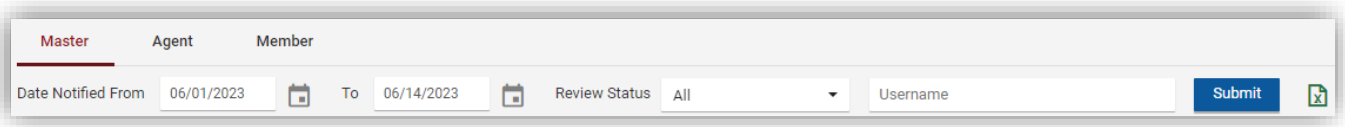

2. Problem Account List instructions

You can mark one or many problem accounts as Reviewed by executing the following steps:

Step 1: Go to **Main Menu > Member Information > Problem Account List**

Step 2: Filter the problem accounts based on your needs

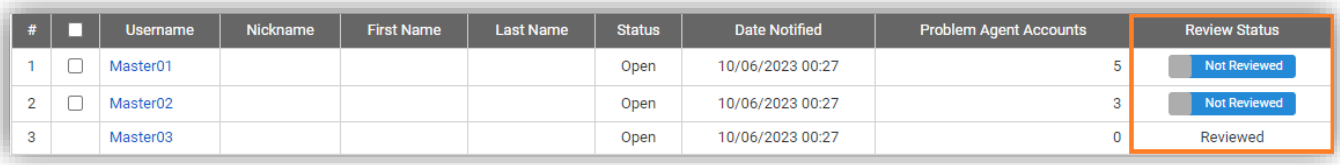

- **Date Notified**: filter the list by date range during which the downline is marked as a problem account.
- **Review Status**: filter the list by Review Status:
  - **Reviewed**: only shows the problem accounts that are already reviewed.
  - **Not Reviewed**: only shows the problem accounts that are not reviewed yet.
  - **All**: shows both reviewed and unreviewed problem accounts.
- **Username**: filter the list by the username of the downline.

<u>Step 3:</u> Set Review Status (from **Not Reviewed** to **Reviewed**)

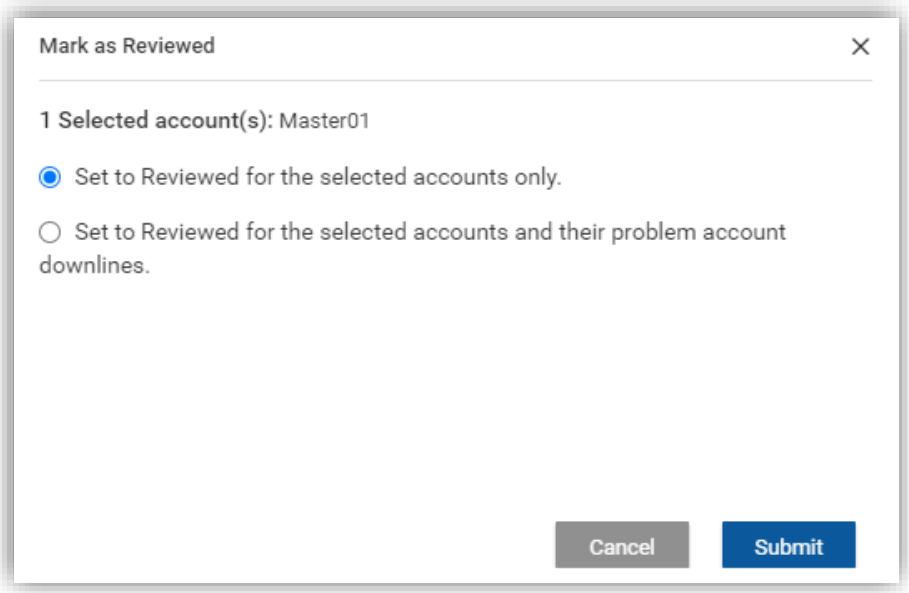

- To mark an **individual account** as reviewed:

  ➢ Toggle the switch from **Not Reviewed** to **Reviewed**.

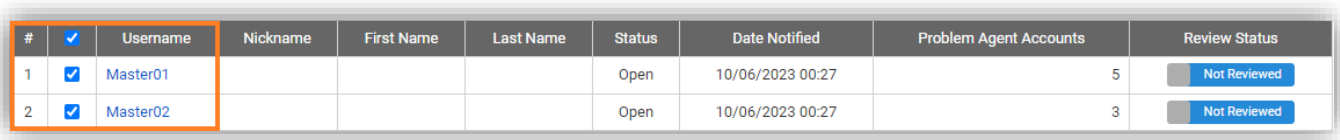

#		Username	Nickname	First Name	Last Name	Status	Date Notified	Problem Agent Accounts	Review Status
1	☐	Master01				Open	10/06/2023 00:27	5	Not Reviewed
2	☐	Master02				Open	10/06/2023 00:27	3	Not Reviewed
3		Master03				Open	10/06/2023 00:27	0	Reviewed

  ➢ Select whether to mark as "Reviewed" for the selected account only or for both the selected account and his/her problem account downlines. Then, click **Submit**:

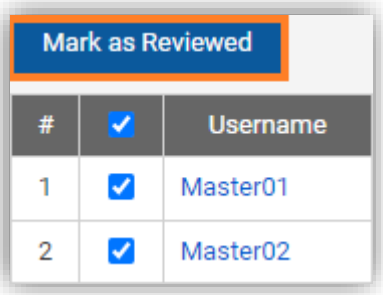

- To mark **multiple accounts** as reviewed at once:

  ➢ Select at least two "Not Reviewed" accounts by clicking on the checkboxes next to the accounts.
