

PROBLEM ACCOUNT LIST GUIDELINE

1. Introduction

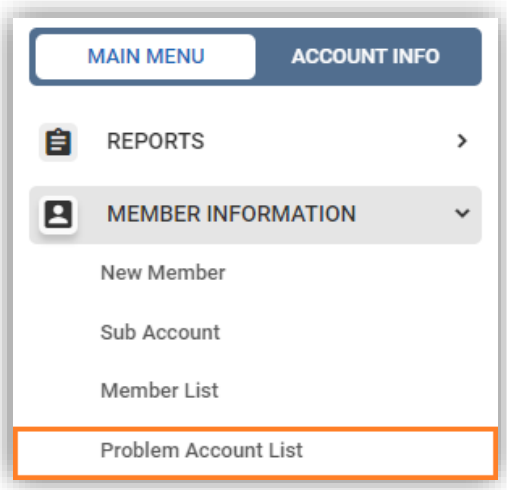

Problem Account List displays the list of Members that are marked as “problem accounts” due to their abnormal actions or behaviors.

2. Problem Account List instructions

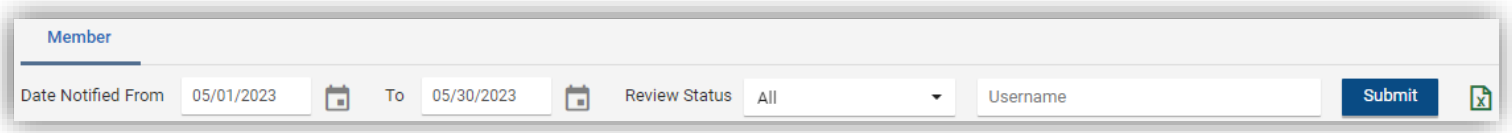

2.1. Mark Account(s) as Reviewed

You can mark one or many problem accounts as Reviewed by executing the following steps:

Step 1: Go to **Main Menu > Member Information > Problem Account List**

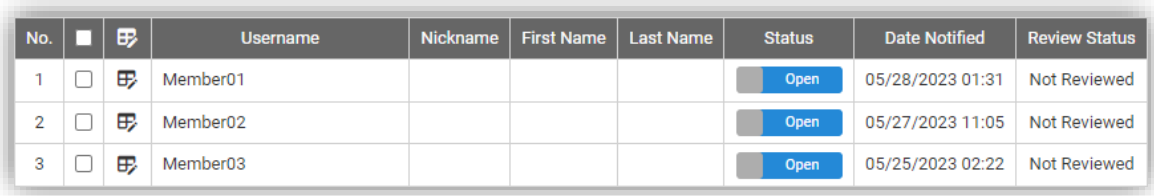

Step 2: Filter the problem accounts based on your needs.

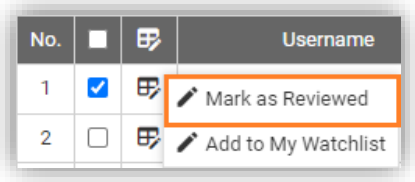

- **Date Notified**: filter the list by the date range during which the Member is marked as a problem account.
- **Review Status**: filter the list by Review Status:
  - **Reviewed**: only shows the problem accounts that are already reviewed.
  - **Not Reviewed**: only shows the problem accounts that are not reviewed yet.
  - **All**: shows both reviewed and unreviewed problem accounts.
- **Username**: filter the list by the username of the problem account.

Step 3: Mark account(s) as Reviewed.

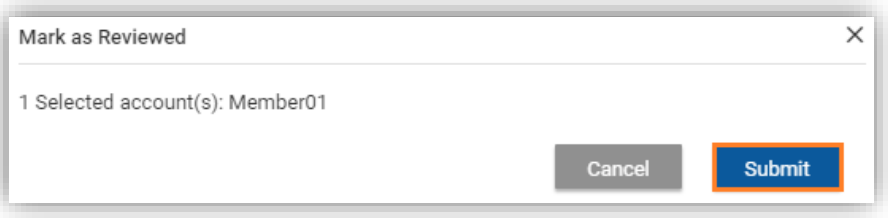

No.			Username	Nickname	First Name	Last Name	Status	Date Notified	Review Status
1	☐		Member01				Open	05/28/2023 01:31	Not Reviewed
2	☐		Member02				Open	05/27/2023 11:05	Not Reviewed
3	☐		Member03				Open	05/25/2023 02:22	Not Reviewed

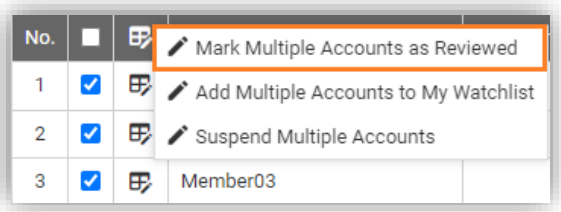

To mark an account as reviewed, select an account, click **Edit Setting** and select **Mark as Reviewed**:

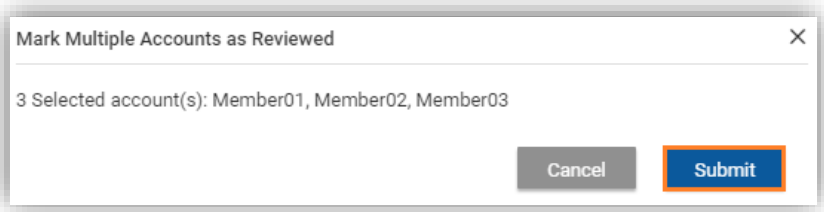

Then click **Submit** to finish:

To mark multiple accounts as reviewed, select several accounts, click **Edit Multiple Setting** and select **Mark Multiple Accounts as Reviewed**:

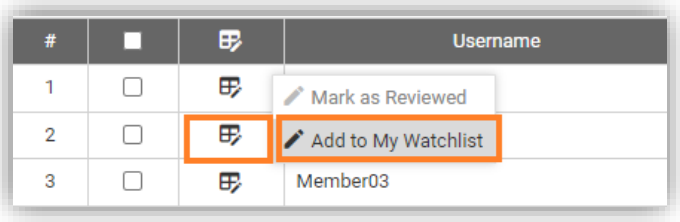

Then click **Submit** to finish:

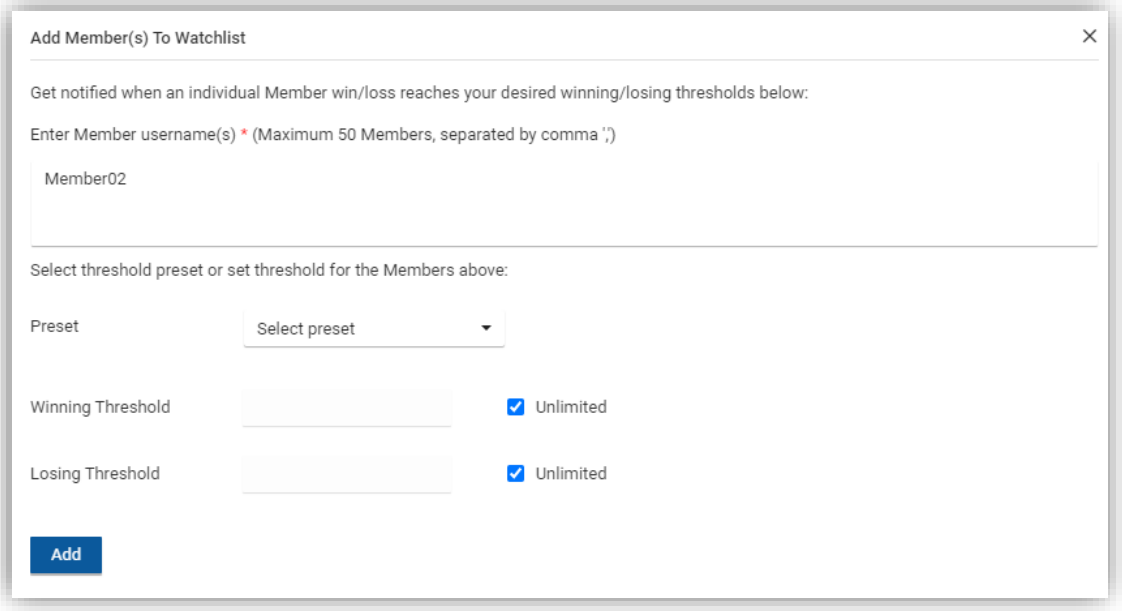

2.2. Add Account(s) to My Watchlist

You can add one or many accounts to your watchlist by executing the following steps:

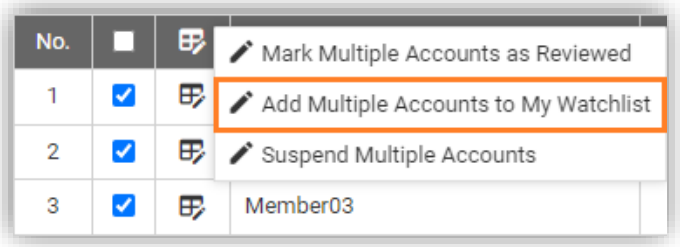

- To add an account to My Watchlist, click the **Edit Setting** next to the account and select **Add to My Watchlist**.

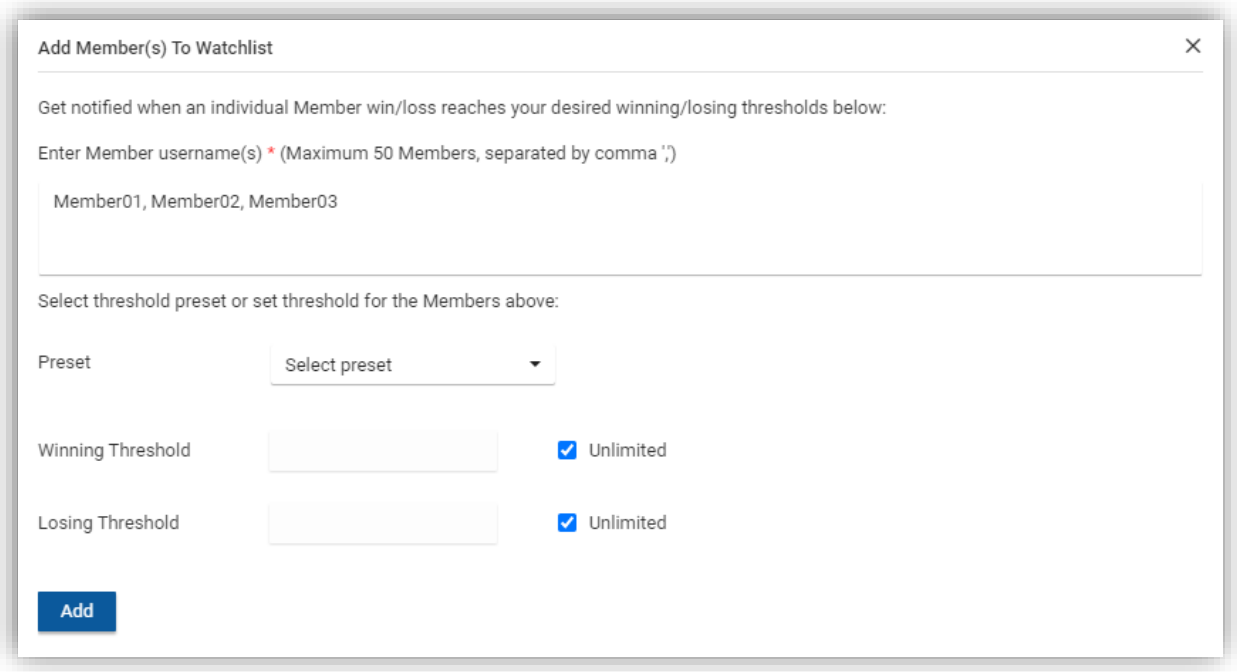

- Enter your desired winning/losing thresholds and click **Add** to finish.

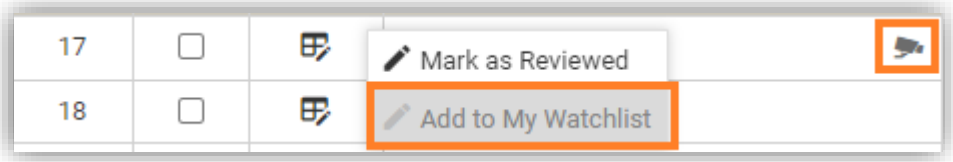

- To add multiple accounts to My Watchlist, select several accounts, click **Edit Multiple Setting** and select **Add Multiple Accounts to My Watchlist**

- Enter your desired winning/losing thresholds and click **Add** to finish.

Note: If you see the **Monitored Member**, that account is already in your Watchlist. Therefore, the "Add to My Watchlist" option will be unclickable.

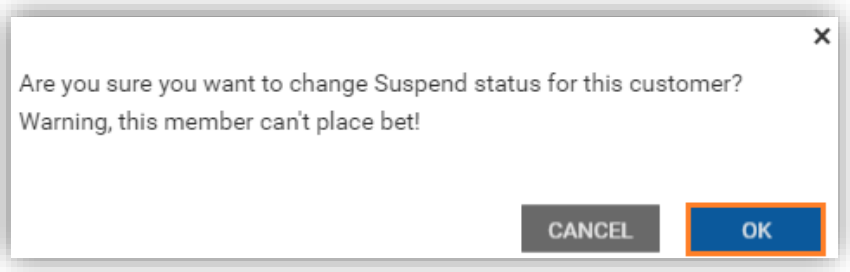

2.3. Suspend Account(s)

You can suspend one or many problem accounts based on your needs.

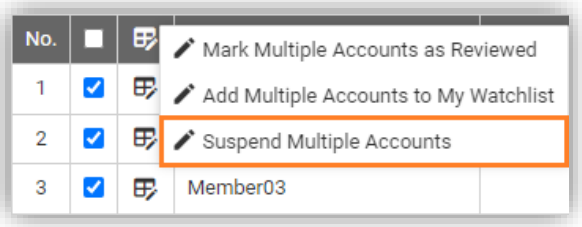

To suspend an account, find the account you wish to suspend, and click the **Open** button associated with that account:

Then click **OK** to finish:

To suspend multiple accounts, select several accounts, click **Edit Multiple Setting** and select **Suspend Multiple Accounts**:

Then click **Submit** to finish:
