ALL DAY BALANCE TRANSFER GUIDELINE

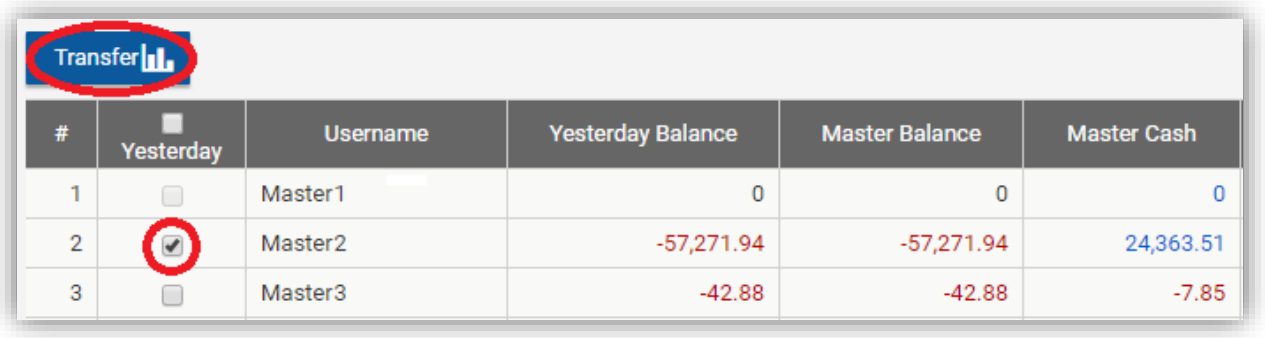

1. Introduction

In order to facilitate the transaction process, we are pleased to announce the launch of a new feature named "**All Day Balance Transfer**" (**ADBT**). From now on, you can make payment transactions with unlimited quantities.

2. New Transfer Method and Changes

With the addition of the **ADBT** feature, the payment method will have the following alterations:

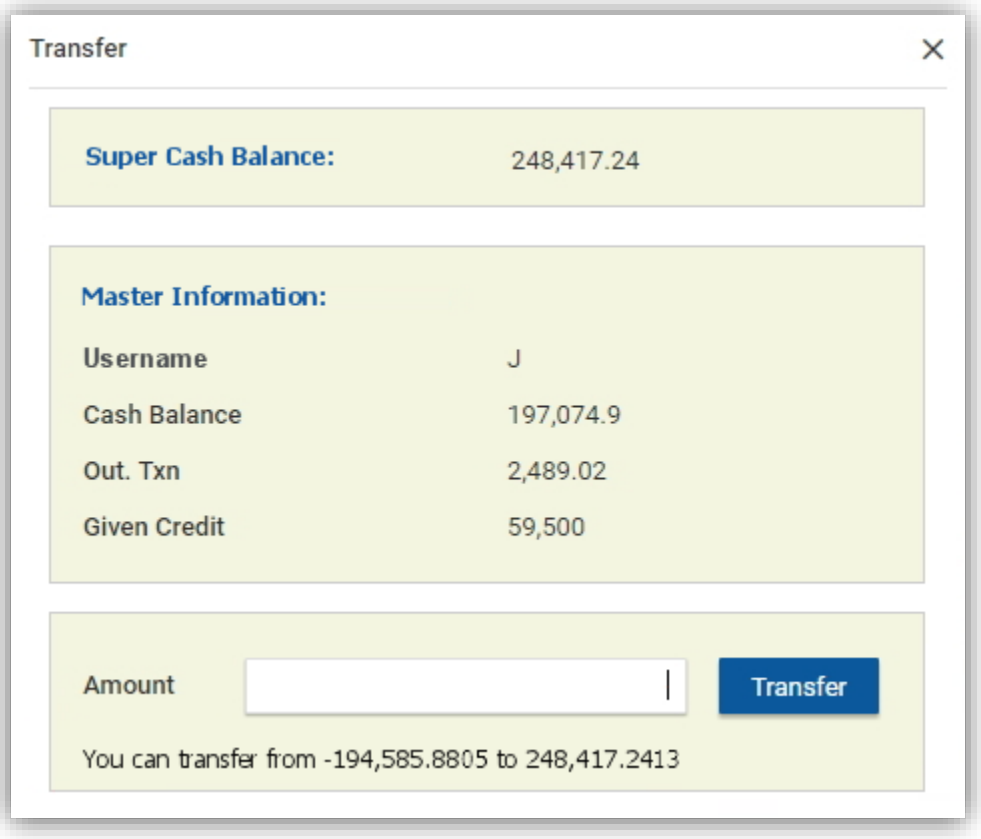

- The number of payment transactions in a day will be unlimited.
- Transfer with Yesterday (Total) Balance:
  - Only full payments will be accepted (partial payments are not allowed).
  - To proceed the transaction, select the checkbox in the corresponding **Yesterday** column, then click the **Transfer** button:

#	Yesterday	Username	Yesterday Balance	Master Balance	Master Cash
1	☐	Master1	0	0	0
2	☑	Master2	-57,271.94	-57,271.94	24,363.51
3	☐	Master3	-42.88	-42.88	-7.85

- Transfer with Master Cash (Balance):
  - You can give money to Masters up to your available Cash Balance amount.
  - You can receive money from Masters up to their available balance amount (*Master Cash Balance - Master Outstanding*).
  - If the giving OR receiving amount is less than or equal to 0, the transaction value you can make will be zero (0).
  - If the giving AND receiving amount are both less than or equal to 0, the message: "*Cash balance is not available to transfer*" will be displayed and the **Transfer** button will be disabled.

For example:

- Your Cash Balance = 248,417.24

  ➔ The amount that you can give to Master: between 0 and 248,417.24

- Master Cash Balance - Master Outstanding = 194,585.88

  ➔ The amount that you can receive from Master: between (- 194,585.88) and 0

3. Activation for Master

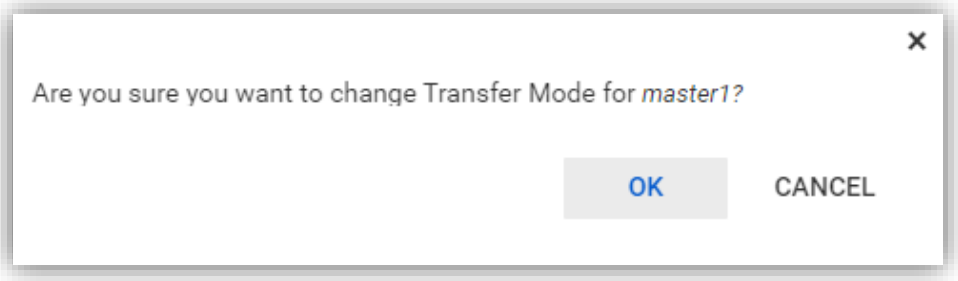

Step 1: Go to **ACCOUNT INFO**, enter Master's username:

Step 2: Select the **STATUS** tab, and check ✓ the box of **ADBT** option:

- The message "*Are you sure you want to change Transfer Mode for <Master' username>?*" will appear, click **OK** to confirm:

- If there is no **ADBT** option or the message "*You are not authorized on this function*" appears, please see the Notes below.
- **Notes**
  - In case you are allowed to use the ADBT feature, when creates a Master account, you will have an option to enable or disable setting for Master anytime at your convenience.
  - In case you are NOT allowed to use the ADBT feature, when creates a Master account, this account will NOT be allowed to use this feature by default (the ADBT checkbox will be hidden in STATUS tab).

- In case you have granted the permission to use the ADBT feature to one or more Master accounts, then your permission is revoked, the permission of all Master accounts will be automatically revoked as well (the ADBT checkbox will automatically be un-checked and hidden).
- If you are changing the Master's setting while your permission is being revoked, the message "You are not authorized on this function" will appear. Please kindly refresh the page.
