CREATE NEW MEMBER

1. Introduction

The function "New Member" assists Agents in creating a new Member account(s) using 4 different methods.

2. New Member instructions

2.1. Full Mode

You can create a new Member by manually entering all the information and settings.

Note: in Full Mode, you are required to set Position Taking values for each product/sport individually. If you prefer to apply the same Position Taking settings to all products/sports within the assigned group for quicker Member creation, you can use **Lite Mode**.

Step 1: Go to **the Full Mode** tab

Step 2: Enter information.

There will be 4 sections of information/settings to fill in Full Mode:

Section 1: General Information

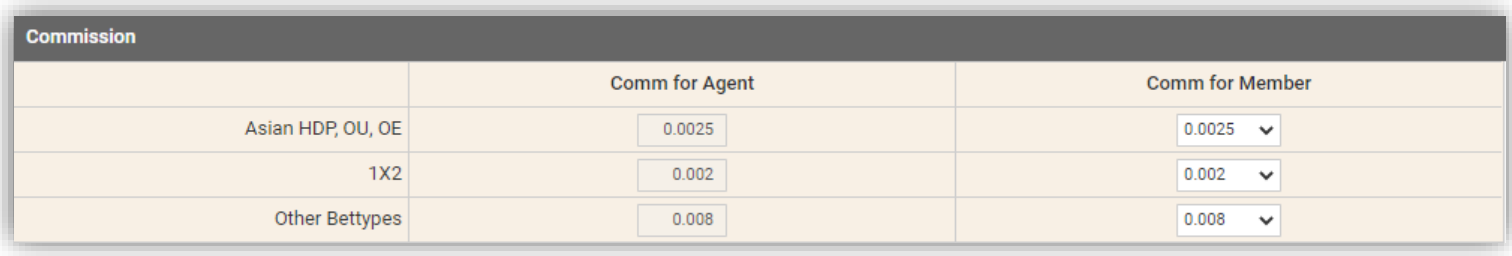

- Enter the general information (first name, last name, etc.) for the new Member.
- **Given Credit**: enter the credit amount you want to give the Member. This amount cannot exceed your Available Given Credit highlighted below:

- **Group**: select a commission group to assign to the Member.

Section 2: Commission

Determine the commission for the Member on each bet type group:

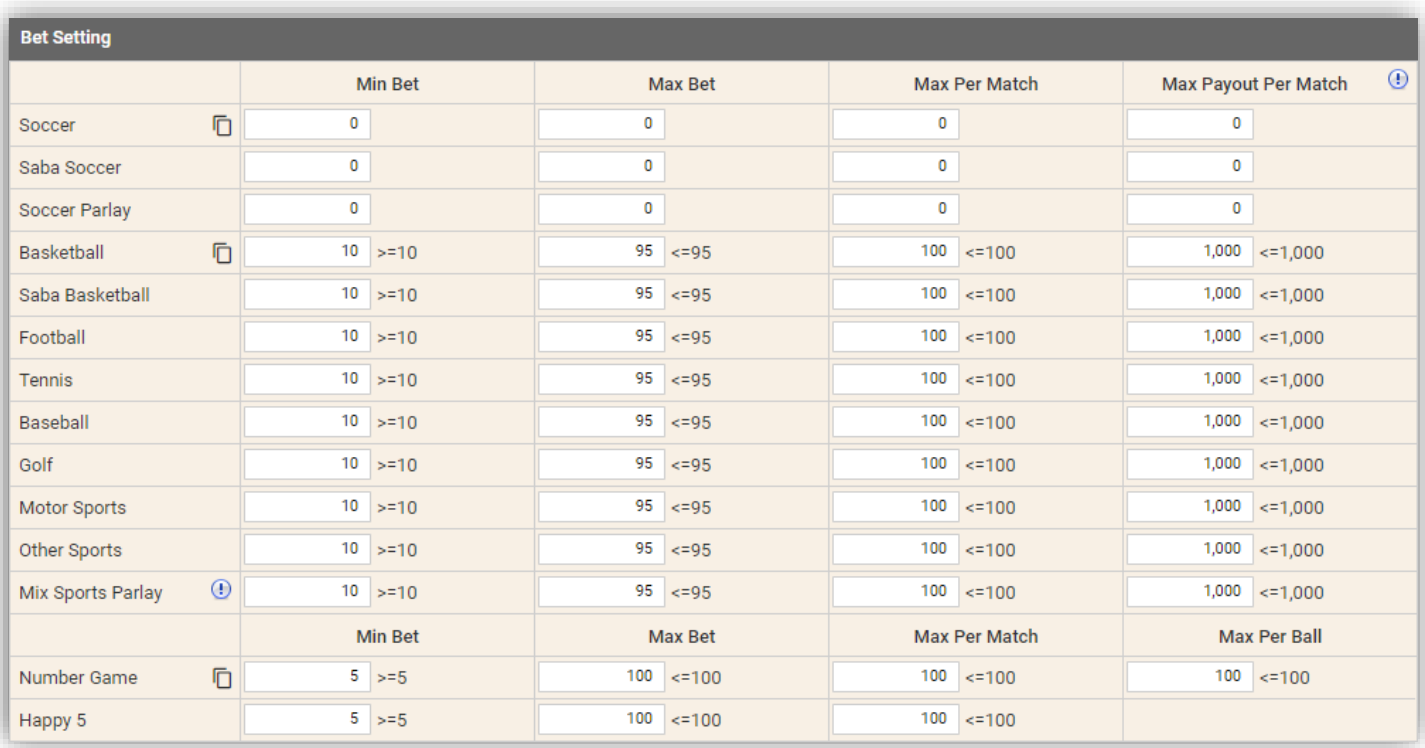

Commission		
	Comm for Agent	Comm for Member
Asian HDP, OU, OE	0.0025	0.0025
1X2	0.002	0.002
Other Bettypes	0.008	0.008

- **Comm for Agent**: the commission you receive from upline.
- **Comm for Member**: the commission you want to give the Member.

Section 3: Bet Setting

Limit the amount that Member can wager or the payout for winning per event of each sport type:

Bet Setting				
	Min Bet	Max Bet	Max Per Match	Max Payout Per Match
Soccer	0	0	0	0
Saba Soccer	0	0	0	0
Soccer Parlay	0	0	0	0
Basketball	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Saba Basketball	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Football	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Tennis	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Baseball	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Golf	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Motor Sports	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Other Sports	10 >=10	95 <=95	100 <=100	1,000 <=1,000
Mix Sports Parlay	10 >=10	95 <=95	100 <=100	1,000 <=1,000
	Min Bet	Max Bet	Max Per Match	Max Per Ball
Number Game	5 >=5	100 <=100	100 <=100	100 <=100
Happy 5	5 >=5	100 <=100	100 <=100	

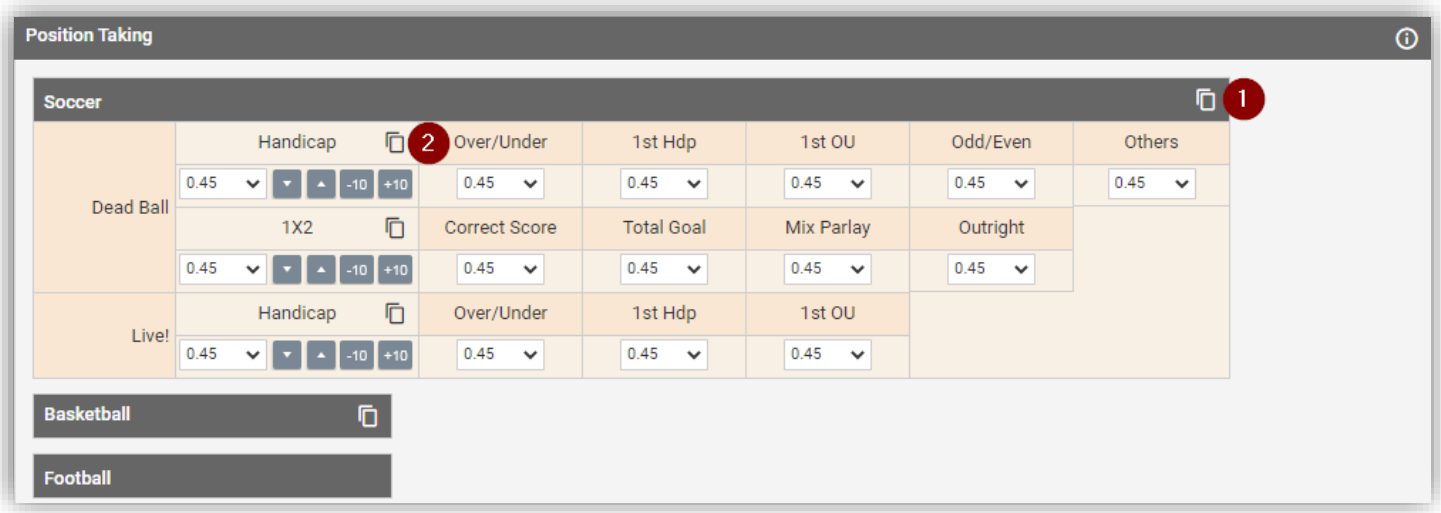

- **Min Bet**: the minimum amount that a Member can wager per bet.
- **Max Bet**: the maximum amount that a Member can wager per bet.
- **Max Per Match**: the maximum cumulative amount that all Members can wager per event.

- **Max Payout Per Match**: the maximum cumulative amount that all Members can receive from winning per event.
- **Max Per Ball**: the maximum amount that a Member can wager per ball.

To save time, you can copy the settings from Soccer/Basketball/Number Game to other sport types below them by clicking .

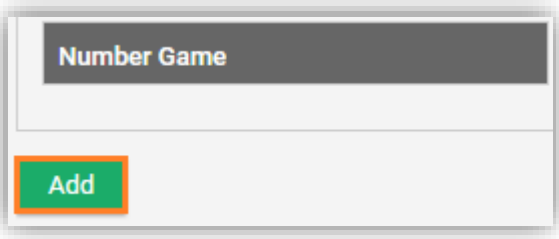

Section 4: Position Taking (PT)

Set your specific Position Taking value on each bet type for different sport types:

To save time, you can copy the settings from Soccer/Basketball to other sport types below them by clicking **(1)**, or copy the settings from Handicap/1X2 to other bet types next to them by clicking **(2)**.

Step 3: After finishing setting up, click **Add** to create the new Member:

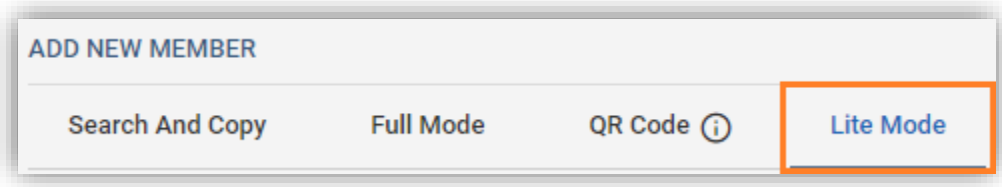

Then you will be redirected to the Settings page of the newly created Member where you can perform further setting configurations if needed.

2.2. Lite Mode

Lite Mode simplifies the Member creation process by minimizing input details and grouping settings into 4 product categories. It also includes the **Position Taking Template** to help you set Position Taking values without having to input them manually.

Note: Lite Mode is best suited for configuring products with similar Position Taking settings. If the products have substantially different Position Taking settings, it is advisable to switch to **Full Mode**.

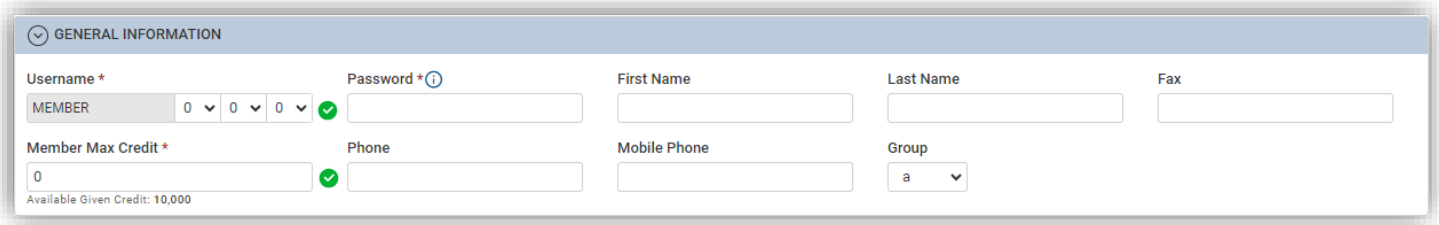

Step 1: Go to the **Lite Mode** tab

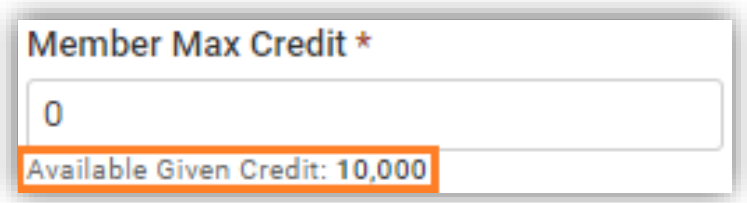

Step 2: Enter information.

There will be 2 sections of information/settings to fill in Lite Mode:

Section 1: General Information

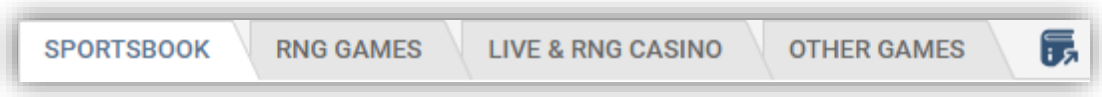

- Enter the general information (first name, last name, etc.) for the new Member.
- **Member Max Credit**: enter the credit amount you want to give the Member. This amount cannot exceed your Available Given Credit highlighted below:

- **Group**: select a commission group to assign to the Member.

Section 2: Settings

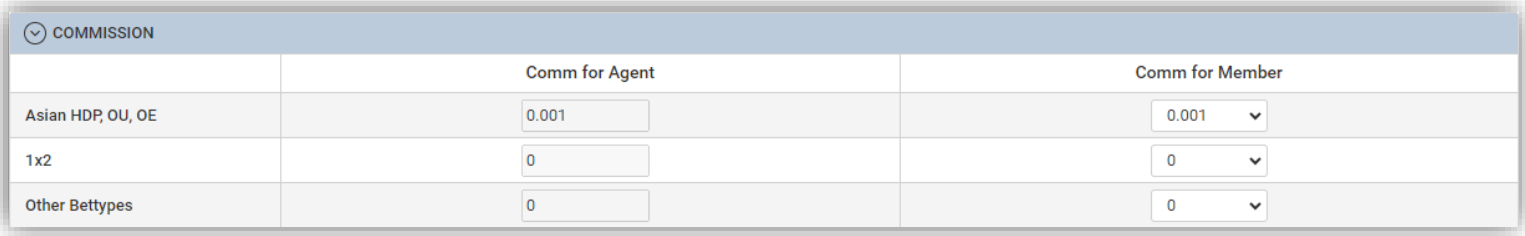

This section includes the settings (Commission, Bet Setting, Position Taking, etc.) for various products that are categorized into 4 groups: **Sportsbook, RNG Games, Live & RNG Casino**, and **Other Games**

To view the specific products of each group, click **Product Setting Info** .

Section 2.1: Commission

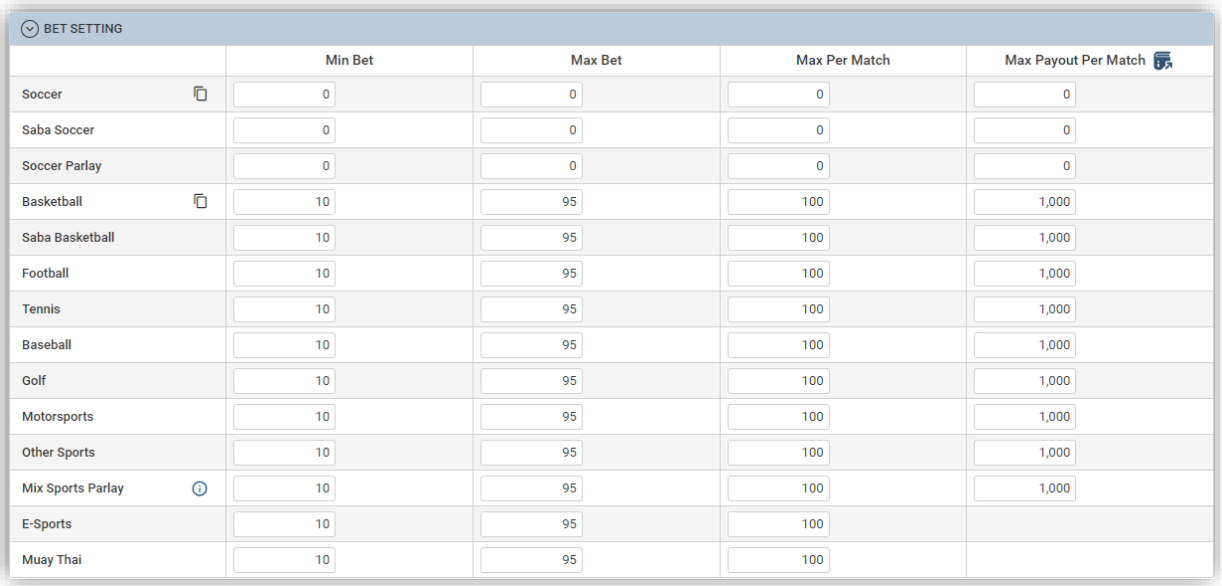

Determine the commission for the Member on each bet type group:

- **Comm for Agent**: the commission you receive from upline.
- **Comm for Member**: the commission you want to give the Member.

Section 2.2: Bet Setting

Limit the amount that Member can wager or the payout for winning per event of each sport type:

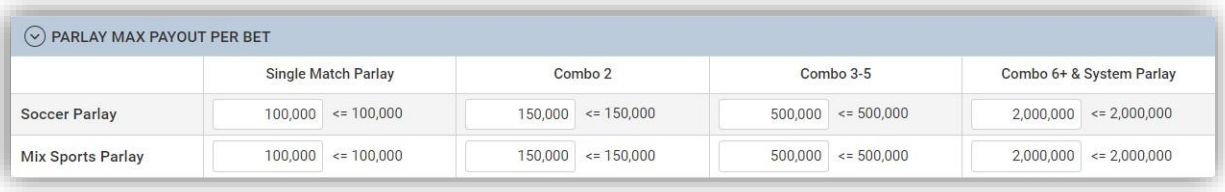

- **Min Bet**: the minimum amount that a Member can wager per bet.
- **Max Bet**: the maximum amount that a Member can wager per bet.
- **Max Per Match**: the maximum cumulative amount that all Members can wager per event.
- **Max Payout Per Match**: the maximum cumulative amount that all Members can receive from winning per event.
- **Max Per Ball**: the maximum amount that a Member can wager per ball.

To save time, you can copy the settings from Soccer/Basketball to other sport types below them by clicking .

Section 2.3: Parlay Max Payout per Bet

Parlay Max Payout per Bet is used to calculate the maximum amount that Member can wager per parlay combo (Single Match Parlay, Combo 2, etc.) in each ticket:

- **Soccer Parlay**: parlay bets that include only soccer events.
- **Mix Sports Parlay**: parlay bets that include sports other than soccer.
- **Single Match Parlay**: parlay bets that contain 1 selection.
- **Combo 2**: parlay bets that contain 2 different selections.
- **Combo 3-5**: parlay bets that contain 3 to 5 different selections.
- **Combo 6+ & System Parlay**: parlay bets that contain at least 6 different selections or the following System Parlay combos:
  - Trixie (4 bets), Yankee (11 bets), Canadian (26 bets), Heinz (57 bets), Super Heinz (120 bets), Goliath (247 bets).

Example: given that the Parlay Max Payout per Bet setting is:

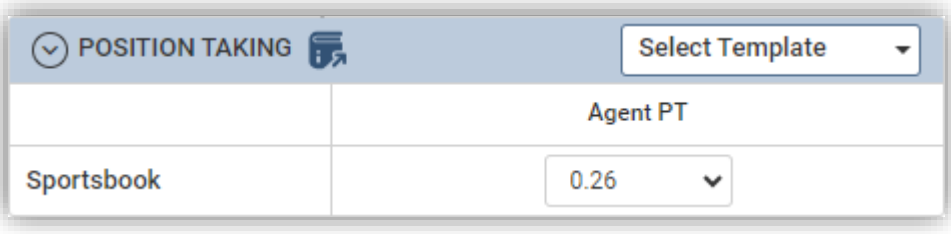

- **Combo 2** = 500;
- **Combo 3-5** = 1,000;
- **Combo 6+ & System Parlay** = 2,000

If Member makes 3 selections: A (odds = 2), B (odds = 3), C (odds = 4), the system will offer the following combos: Double (3 Bets), Treble (1 Bet), Trixie (4 Bets), and Lucky 7 (7 Bets)

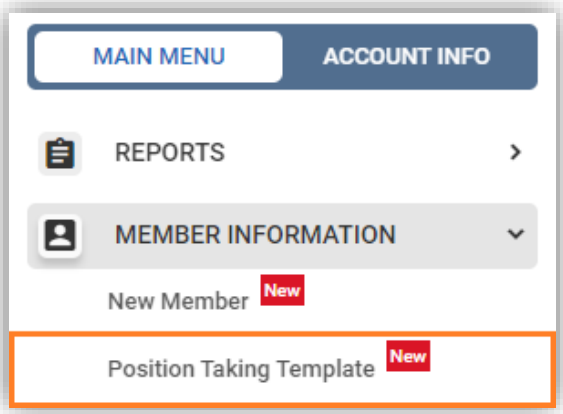

- **Max Bet of 3 Double bets** = Parlay Max Payout per Bet of Combo 2 / (odds AB + odds BC + odds AC) = 500 / (2*3 + 3*4 + 2*4) = 500 / 26 = 19
- **Max Bet of a Treble bet** = Parlay Max Payout per Bet of Combo 3-5 / odds ABC = 1,000 / (2*3*4) = 1000 / 24 = 41
- **Max Bet of Trixie and Lucky 7 bets** = Parlay Max Payout per Bet of Combo 6+ & System Parlay / (odds Double + odds Treble) = 2,000 / (26 + 24) = 2000 / 50 = 40

Section 2.4: Position Taking (PT)

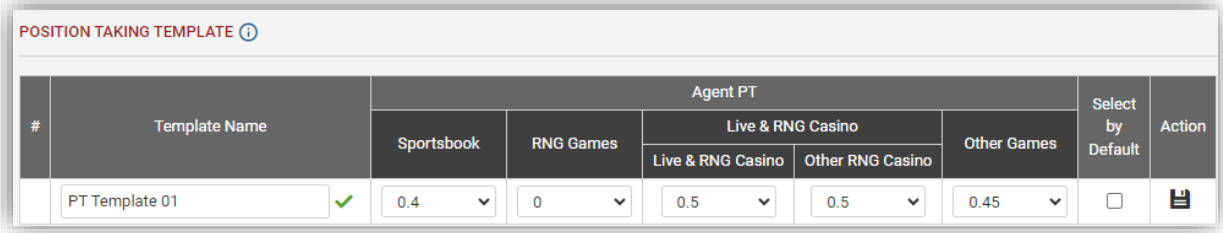

You can manually set the Position Taking values right away, or you can create **Position Taking Template**, and use it to set Position Taking values without manual input.

- To create **Position Taking Template**, go to **Main Menu > Member Information > Position Taking Template**:

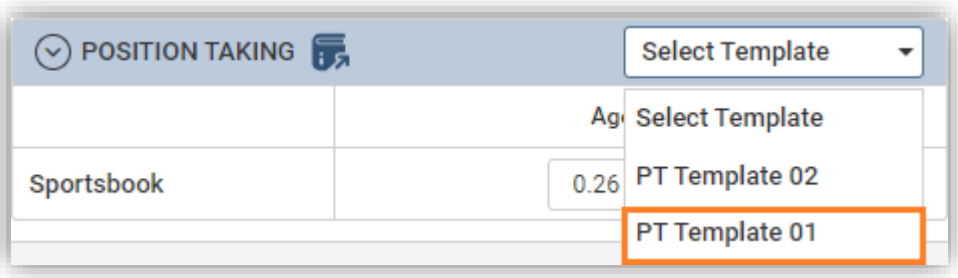

- Set your desired Position Taking values and the template name:

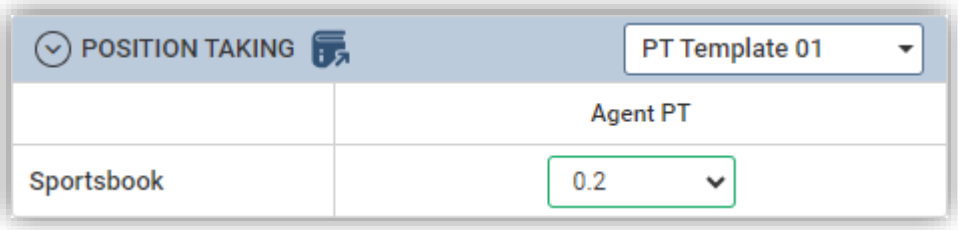

– If you choose "**Select by Default**", the Position Taking Template will be automatically selected whenever you create a new downline using Lite Mode.

- After setting up, click **Save** to finish.
- On the **Position Taking** section of **Lite Mode**, you will see the Position Taking Template that you have created:

- The selected Position Taking Template's values are loaded as default **Agent PT** presets for all products:

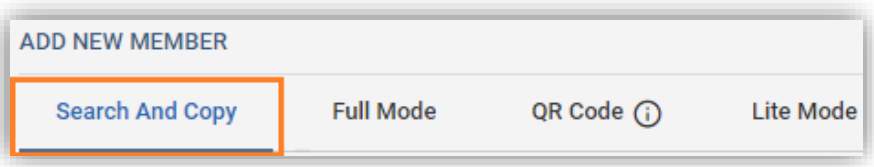

2.3. Search and Copy

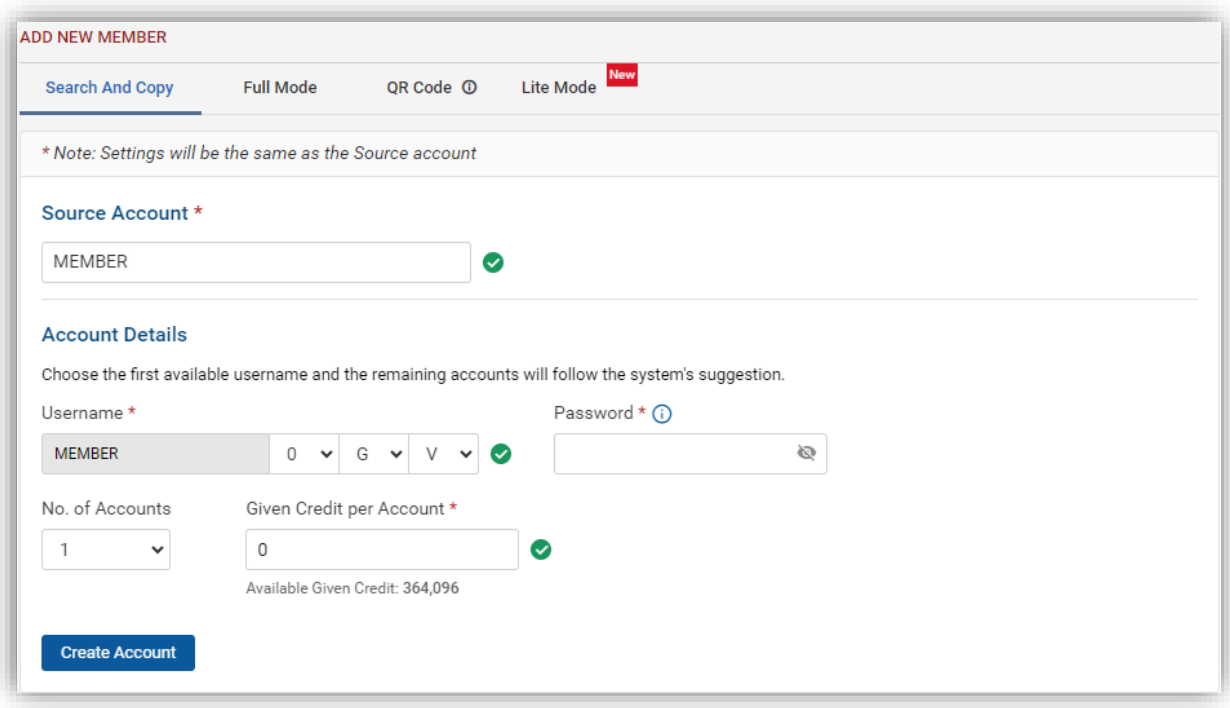

To quickly create one or multiple new Members, you can use this function to search and copy the settings of an existing Member to the new Member(s).

Note: the current status of the existing Member will also be applied to the new Member(s).

Step 1: Go to the **Search and Copy** tab.

Step 2: Enter information.

- **Source Account**: find a Source Account to copy settings for your new account(s).
- **Username**: choose the first available username and the remaining accounts will follow the system's suggestion. The system will prioritize the foremost available usernames, rather than following the continuing sequence from the first username.

  For example, given that:

  - Available usernames: MEMBER003, MEMBER004, MEMBER007, MEMBER008, MEMBER009, MEMBER010.
  - Existing usernames: MEMBER001, MEMBER002, MEMBER005, MEMBER006, MEMBER011, MEMBER012.
  - System will automatically suggest MEMBER003 first, however, the username you choose is **MEMBER008**, and you want to create 3 accounts.
  - The resulting usernames will be **MEMBER008, MEMBER003,** and **MEMBER004**.
- **Password**: set a common password for all your new accounts. You can hover on **Password Requirement** ⓘ to see the password guideline.
- **No. of Accounts**: select the number of accounts that you want to create. You can create up to 30 accounts.

- **Given Credit per Account**: enter the amount of credit you want to give each account.

After filling in the information, click **Create Account**.

Step 3: Next, you will see the following screen:

You can click on **Create More** to repeat the **Search and Copy** process. Also, you can click **Copy** to copy the username(s) of your new account(s).

2.4. QR Code

Alternatively, you can **create a new Member with** a **QR Code.** Not only does it support the creation of a new member account quickly, but it also helps the Member to log into the member site and start the experience immediately.

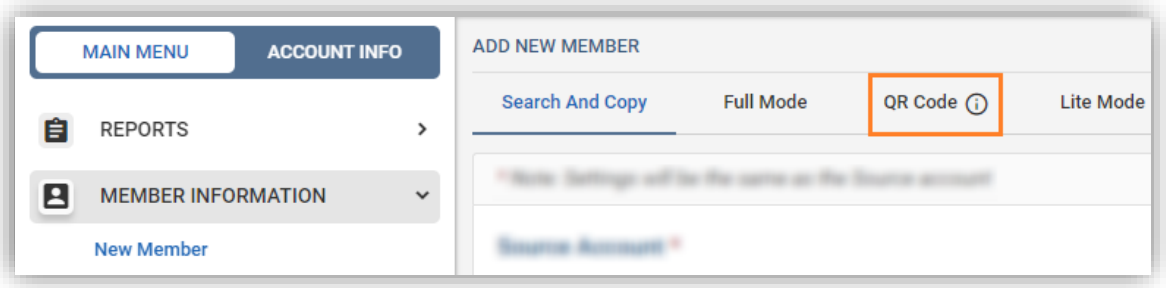

Step 1: Go to **Create Member with QR Code**

Access the QR Code for creating a new account, you can do this in 3 ways:

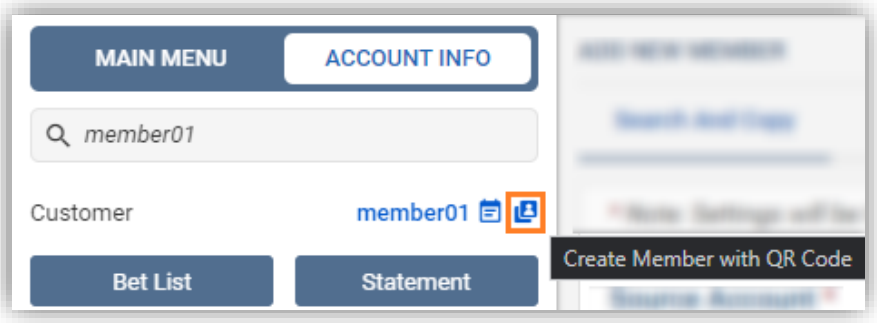

1. Top right menu.

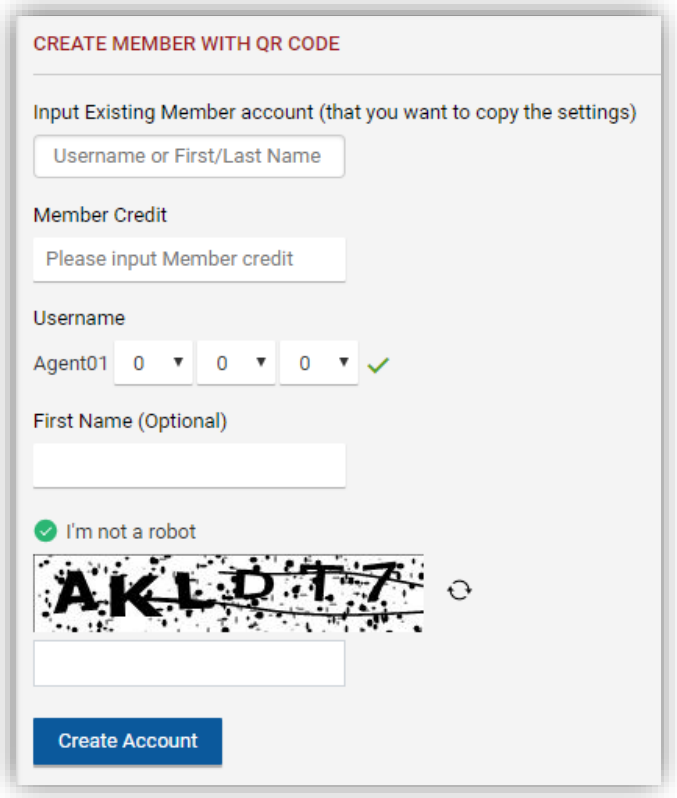

2. Add a new Member page (QR Code tab).

3. Account Info (next to the member's username).

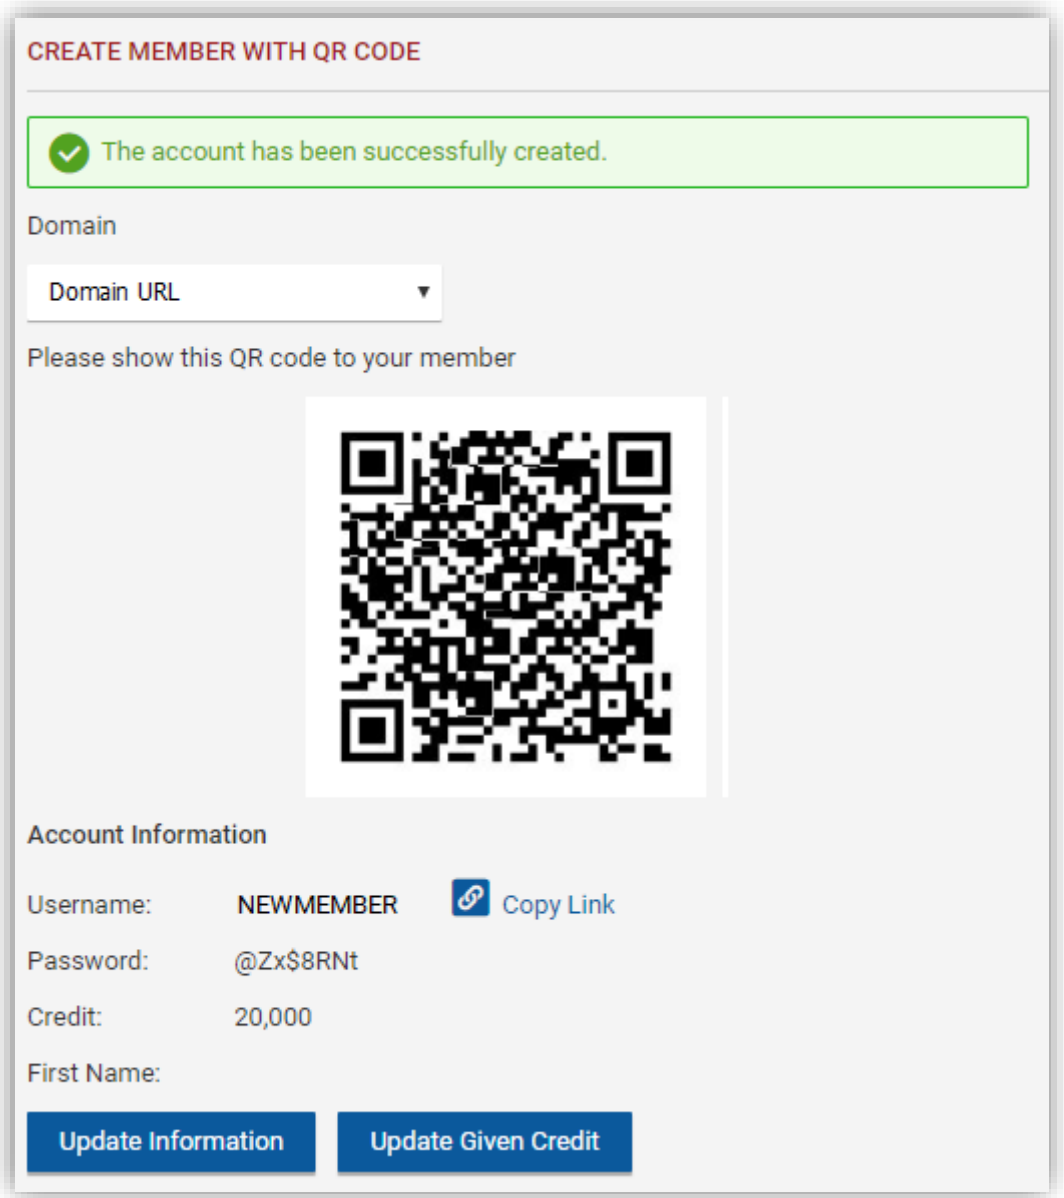

Step 2: Enter information.

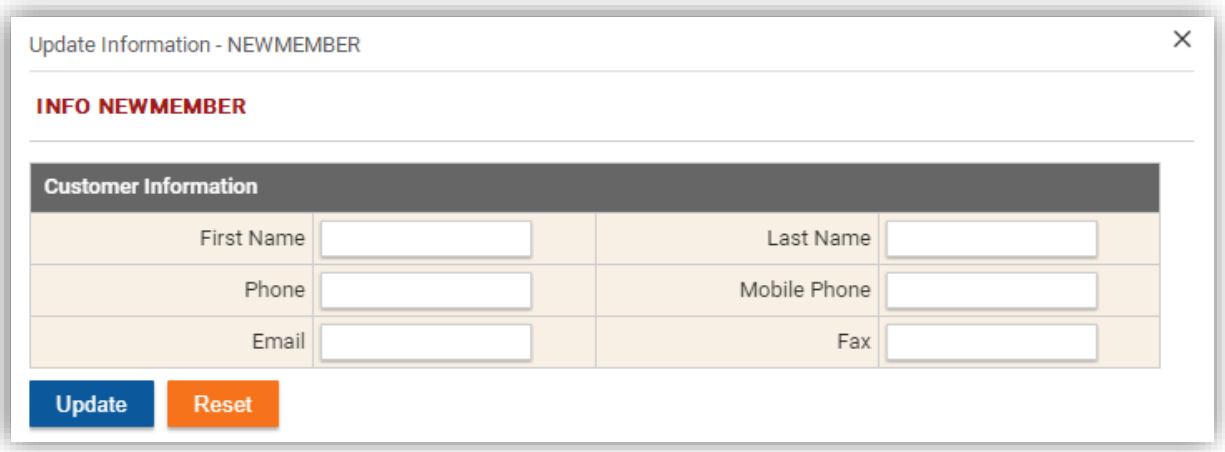

- In case you access this function by clicking the icon on the Account Info, the *Existing Member account* and *Member Credit* fields will be automatically filled in with the corresponding data.

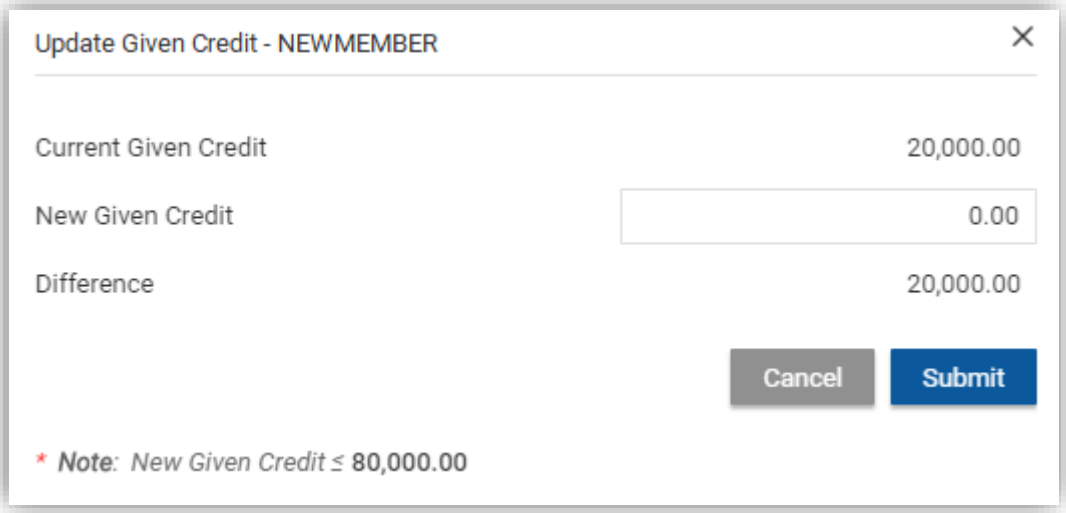

Step 3: Select a domain URL and complete the account creation process.

At this point, Member can scan this QR code directly (recommended), or you can send them the QR code manually by clicking **Copy Link**. Either way will help Member reach the Member site and here they will be forced to change the password (for security purposes).

You can also edit Member's info such as First Name, Last Name, Mobile Phone, etc., or their given credit amount by clicking the **Update Information** button or **Update Given Credit** button:

Notes

- Once an account has been successfully created, for the next use, the *Existing Member account* and *Member Credit* fields (in step 2) will be automatically filled in with the previous account data.
- In a day, you can create up to 200 Member accounts using this method.
